## PROJECTS

### **Spam Email Detection**

*A text analysis project*

*This is a machine learning project for detecting spam email. The project includes data preprocessing, model training using naïve bayes classification*

### **A Simulated Memory Capture Project**

*The digital world leaves behind a trail of evidence, and nowhere is this more transient yet potentially revealing than a computer's Random Access Memory (RAM). This project delves into the world of digital forensics by developing a simplified model for a tool that simulates the core functionality of MAGNET RAM Capture.*

### **MERN Based Project Management System (WorkSync)**

*Developed a MERN-based Project Management System enabling task tracking, user roles, and real-time project updates. Focused on backend integration, dynamic UI rendering, and efficient data management.*

## EDUCATION

**Matriculation Passed March 2019 From Manmohan Saini Public School (PSEB Board) 72%**

**Diploma In Computer Science & Engineering Passed June 2022 70%**  
**From Guru Nanak Dev Polytechnic College**

**Graduation in Information Technologies from Guru Nanak Dev Engineering College**

## SKILLS

### **WEB Development:**

MERN Stack, HTML

CSS, JS, Bootstrap

### **Data Science/Ai:**

Machine Learning, Deep Learning, NLP

### **Programming Languages:**

C/ C++, Python, SQL, php

### **Tools/Others:**

MS Office,  
DIGITAL FORENSICS

## LANGUAGES

▣ HINDI ▣ ENGLISH ▣ PUNJABI

## STRENGTH

- ✓ Good Analytical, Reasoning Adjustable Capabilities
- ✓ Good Grasping Capabilities, energetic, like to work in a team
- ✓ Innovative and keen learner

## DECLARATION

*"I hereby declare that the above information is true and correct to the best of my knowledge. I am confident in my ability to contribute effectively and professionally to your organization."*
